FURTHER OPPORTUNITIES FOR INTERNATIONAL BUSINESS

As noted in previous market updates, the Bermuda Government in collaboration with the private sector and related stakeholder groups have announced a number of policy and legislative changes geared towards further enhancing our relationship with international business and the global environment in order to stimulate economic growth.

THE CHANGES – *From a policy perspective:*

- Term limits have been eliminated
- Creation of special category work permits including the Global Work Permit and the new Business Work Permit
- Elimination of the business visitor letter for persons arriving and staying on island for up to 10 business days.
- The incentives for Job Makers Act 2013 effective 17th of December 2013
 - The Minister can provide an exemption from requiring a work permit subject to a defined set of criteria
 - PRC applications have been simplified and fees significantly reduced from \$120,000 to \$25,000.
- The Companies Amendment Act 2014 will permit local and exempt companies to purchase real estate which fall into certain categories including:
 - Residential properties with an ARV of \$177,000 and above
 - Condominiums available to restricted persons with an ARV of \$32,400 and above
 - Commercial property - For direct business purposes and subject to ARV limitations

THE OPPORTUNITIES – *From a real estate perspective:*

- Exempted companies may purchase certain categories of residential and commercial property for their specific use.
- Alien license fees payable on real estate transactions by non-Bermudian buyers were reduced significantly in 2013 in order to address the lack of competitiveness, stimulate economic activity and employment and send a strong message that Bermuda wishes to further enhance our long term relationships with our overseas stakeholders.

If you are an exempted company and wish to control your long term accommodation requirements, perhaps you could explore some of our available residential and commercial inventory. Call your Coldwell Banker agent for more information, 292-1793.
